The Fourth Annual Convention of the Christian Endeavor Societies of the state of Vermont will be held in Rutland October 30 and 31st next. It will doubtless be the largest and most enthusiastic convention of Christian Endeavor ever held in the state. The very best speakers are being secured. Governor W. P. Dillingham will visit the convention and extend greetings. Other speakers are engaged, such as Rev. F. E. Clark, D.D., founder of the Christian Eudeavor movement; Rev. J. L. Sewall, former president of the Union; Rev. J. Wilbur Chapman, D.D., of Albany, who will, by request, repeat his address on Duty, which awakened such enthusiasm at the National Convention at Philadelphia last month, and other speakers of equal ability have been engaged, and the convention will be one of rare opportunity. Each society will be entitled to two delegates, but a large number outside of these will be present. Reduced rates will be given to all in attendance by the railroads and hotels.

There was a startling experience with a runaway locomotive in Baltimore recently. It had been allowed to stand in the way of an express train, and when the engineer in charge of it saw the latter coming, he and his fireman leaped after he had reversed the engine and opened the throttle. The engine darted off at terrific speed, and was only stopped by a switchman's turning it into some cars on a siding. All sorts of reports prevailed with reference to loss of life; yet, singularly enough, though passing through three crowded stations, through tunnels and along an open street, no one was injured. The damage will be about \$40,000, the engine being a wreck.

## Remarks.

OATS .- The market is 'quiet and receipts

Eous.-Choice lots are well sold up and are higher. Cheese.-Prices firmer, owing to firm-ness of other markets.

CORN.—Trade brisk, but receipts light and the market is bare. BEANS.—There is a slight improvement. Foreign are in fair demand, and yellow eyes scarce.

BUTTER.—Little change in situation from last week. High grades of western cream-ery are in good demand. Northern cream-ery is light in a wholesale way. Other goods remain quiet.

FLOUR.—Spring wheat patents are a little easier, owing to bountiful harvest and the good quality. Trade is fairly good on winter wheat flours, and prices are about as low as they will go.

Woot.—Market exceedingly quiet and in buyers' favor. More failures have occurred, which tends to unsettle the market. There is, however, an undertone of strength and there is great reason to hope for and expect a better state of things in September and October.

## Business Aotices.

HAY FEVER .- I have been a great sufferer HAY FRYER.—I have been a great sufferer from hay fever for fifteen years. I read of the many wondrous cures of Ely's Cream Balm and thought I would try it. In fifteen minutes after one application I was wonderfully helped. Two weeks ago I commenced using it and now I feel entirely cured. It is the greatest medical discovery known or heard of.—Duhamel Clark, Lee, Mass.

A PERFECT complexion, free from pimple or blemish, is very rarely seen, because few people have perfectly pure blood. And yet, all disfiguring eruptions are easily removed by the use of Ayer's Sarsaparilla. Try it, and surprise your friends with the result.

### Was He Murdered?

was He Murdered?

Is a question often asked when a person is found dead that had previously enjoyed good health. The verdict often is "Apoplexy or heart disease." Samuel Carvitt of Fairbanks, Maine, says: "Last August I was taken with the palpitation of the heart; I could not lie in bed; had to sleep in rocking-chair; I procured a bottle of Anti-Apoplectine; it relieved me at once so I could lie down and have a good night's rest, and have ever since."

When the Baby was side we gave her Castoria, When she was a Child she cried for Castoria, When she became Miss she clung to Castoria. When she had Children she gave them Castoria.

Faw children can be induced to take physic without a struggle, and no wou-der—most dr gs are extremely nauseating. Ayer's Pills, on the contrary, being sugar-coated, are eagerly swallowed by the little ones, and are, therefore, the favorite family medicine.

### Advice to Mothers.

Mrs. Winslow's Soothing Syrup, for children teething, is the prescription of one of the best female nurses and physicians in the United States, and has been used for forty years with never-failing success by millions of mothers for their children, During the process of teething its value is incalculable. It relieves the child from pain, cures dysentery and diarrhea, griping in the bowels and wind-scolic. By giving health to the child it rests the mother. Price twenty-live cents a bottle.

Consumption Curro.—An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of consumption, bronchitis, catarrh, asthma and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases has felt it his duty to make it known to his suffering fellows. Actuated by this motive and a desire to relieve human suffering, I will send, free of charge, to all who

desire it, this recipe, in German, French or English, with full directions for preparing and using. Sent by mail by addressing, with stamp, naming this paper, W. A. Noves, 149 Power's Block, Rochester, N. Y.

Ma, J. R. Grinstead, Senora, Ky., says:
"My children have sometimes had boils
and other signs of blood impurities, with
loss of appetite, etc., at which times I have
found Swift's Specific a most successful
remedy, in no instance failing to effect a speedy and permanent cure.

"Swift's Specific is a great blessing to humanity," says Mr. P. E. Gordon of 725 Broad street, Nashville, Tenn., "for it cured me of rheumatism of a very bad type with which I had been troubled for three or four years. S. S. S. cured me after I had exhausted everything else."

Mr. Russell Myrick of the firm of Myrick & Henderson, Fort Smith, Ark., says he wishes to add his testimony to the thousands which have already been given as to Swift's Specific. He says he derived the most signal benefit from its use to cure painful boils and sores resulting from im-

When taken for a few days, potash mix-tures impair the digestion, take away the appetite and dry up the gastric juices which should assist in digesting and assimilating the food. Swift's Specific has just the op-posite effect; it improves digestion, brings appetite and builds up the general health.
